

DIGITAL EXPERIENCES

ABOUT GRANTEQ

Granteq is a well established, renowned Audio Visual (AV) and Learning & Collaboration Technology (LCT) solutions provider, specializing in design, Integration and managed services. Granteq's areas of expertise include Enterprise Tele-Presence / Video Conferencing, Unified Communications, Control Systems, Digital Media, Digital Signage, Video Walls, Interactive Touch Display Technology and Projection Technologies. We help customers meet goals, drive action and improve efficiency by streamlining interactive technologies and standards.

To drive enticement, Experience Centres are a powerful tool. As part of Granteq's offerings, we design Experience Centre AV Systems, to ensure maximum customer engagement and encourage repeat visitors.

Our Solution is a cutting-edge engagement tool that creates impactful visitor experiences using specialized video technology designed to withstand the rigors of the environment and exceptionally perform in any digital signage setting. Building on the physical experience with growth in web based technologies, Experience Centres are growing segment of the global economy and the perfect place to implement new information displays. Mixing technology-enabled experiences in physical stores, Malls, showrooms, Airports, stations or any retail with internet or mobile sales components is a trend.

DIGITAL EXPERIENCES

PROCESS CONTROL & PROJECT MANAGEMENT

Granteq's Project Management involves extensive processes, right from concept to completion and beyond.

Right from RFQ or initial briefing, our project management team will start analyzing the requirements and will pro-actively provide suggestions on costs, technology, strategy and long term opportunities and challenges. The process plans will involve time lines, management methodology, and risk analysis. Our in-house engineers will be providing the necessary support with CAD, software / hardware implementations, testing and training and long-term maintenance of systems involved.
