

INDOOR & OUTDOOR LED WALLS / DIGITAL SIGNAGES

Granteq is a leading
outdoor LED Display
Systems supplier in the
UAE & Middle East.
Granteq Provides Unique
& Innovative LED
Technologies

Granteq is a leading Audio-Visual Integrator that partners with top manufacturers of high-end outdoor LED display technologies to bring your ideas to life. As visual technologies become a high priority area for decision-makers in the retail and other industry segments, Granteq has expanded its offerings in the visual technologies realm.

We provide a range of innovative LED displays that help engage clients and customers, share information and entertain in unique and creative ways.

Our product range includes some of the lightest and thinnest LED displays available globally. We are committed to offering customized, cost-effective and viable solutions to meet the creative challenges in the field of Outdoor LED Display technologies.

Our offerings include the latest and most advanced technologies, including the FRAME LED, BLADE LED, and WOW FLOOR. With Granteq, you can be sure of pushing the boundaries of what is possible in Indoor / Outdoor LED Display technologies, and we are excited to bring our innovative solutions to the GCC market.
